

Abundant Life Health Care

The complete balance of health, energy & wellness you can trust.

Dear Patient:

We at Abundant Life Health Care try to run things differently than most medical offices. Specifically, we *DO NOT* double book appointments. This means we see one patient at a time and do not have another patient waiting.

If you are unable to keep your appointment, please contact us 24 hours in advance. This way we can fill your appointment time with someone who needs to be seen urgently or is waiting for an earlier appointment. **If you do not make your appointment without calling us ahead of time, we reserve the right to charge you a No-Show fee of \$25.00.**

Thank you for your cooperation in this matter.

Sincerely,

Karole Beck, FNP-BC
